## **THREE WAYS TO DO THINGS**

*Bill Clary*

We often joke, there are three ways to do things: the right way, the wrong way and your way! However, in truth there is only one way and that is the Lord's way! Jesus made that quite clear in John 14:6 stating He was the only way to the Father.

In John 15:10 we are told we must obey the commands of our Lord to be pleasing and we know they are not burdensome. We do things because we want to, not because we have to!

The writer of Proverbs 14:12 clearly taught that man's way that seems right is most often wrong. The way we take often leads to death (spiritual separation).

Some of you may be like me, directionally challenged and so we must ask for help. Spiritually all of us are directionally challenged without Jesus and we must follow Him and do what He says to succeed in this life and in the next!

This writer challenges each reader to do things the Lord's way for one entire month and then review one's life at the end of the time frame. It will amaze you how much more you have accomplished, how much happier it makes one, and how pleasing one has become to those who surround them.
