**LABOR DAY**

*Bill Clary*

Tomorrow is the day we honor all the men and women who work so hard to help our country be strong and great. The workforce of America is great and we should be proud of the men and women who make this country strong.

The political leaders realized that the common worker is the backbone of our lifestyle and therefore chose a day to honor them. Labor Day is a truly American holiday and should not just be viewed as a day from work, but a day to be grateful to a loving God for blessing us with capable workers.

One can read the history of our country and see how those who live here have invented, improved, or assisted in making things easier for all of us. The changes in the last half-century in the American lifestyle are staggering!

Jesus wants us to continue to labor for Him every day and has told us that if we come to Him we will be blessed. Let us never forget to put Him first in our lives, Mt. 6:33.

Think on these things!
