THE SWAYNES ARE COMING

Bill Clary

As we were all informed Sunday, we are happy to share the good news that Patrick, Chantelle and Ezekiel Swayne will be here in mid-December to begin working full-time as evangelist and family with South Anchorage. We are excited to have them coming and look forward to a long and fruitful work with them.

South Anchorage has a history of treating preachers well and this will continue, I am certain. I urge you to never take a preacher and his family for granted as they can be a real blessing to the work. The Swaynes may need some time to adjust to a whole different culture from Singapore to Alaska, so please be patient with them. Also, recognize there may be some differences in language usage as the British English is the mother tongue of Chantelle and Patrick is used to this as well.

Swaynes, we love you and are looking forward to your arrival. We pray that God will bless all of us during this transition.
