YIELD NOT TO TEMPTATION

Bill Clary

In The 70's there was a TV show that had Flip Wilson as a star who commented "The Devil made me do it!" His reasoning was I could not help myself.

Today comments such as, "I was weak and could not control myself," or "I did not mean for this to happen, but everyone does things that are beyond their control," etc.

Paul, in 1 Cor. 10:12 tells us to be careful where we stand (don't be too confident in self) or we will fall. The very next verse informs us that God will not allow us to be tempted beyond our ability, but will provide an escape route for each of us. We are responsible for our actions and no one makes us do things! We cannot blame our parents, mate, children or the church for our actions. We must admit error when yielding to temptation and repent of such actions

Temptation is an opportunity not to sin!

Think on these things!
